Sillier than a Seven

Four Austin 7's are traveling to Birdsville leaving on Monday 13th June 2022

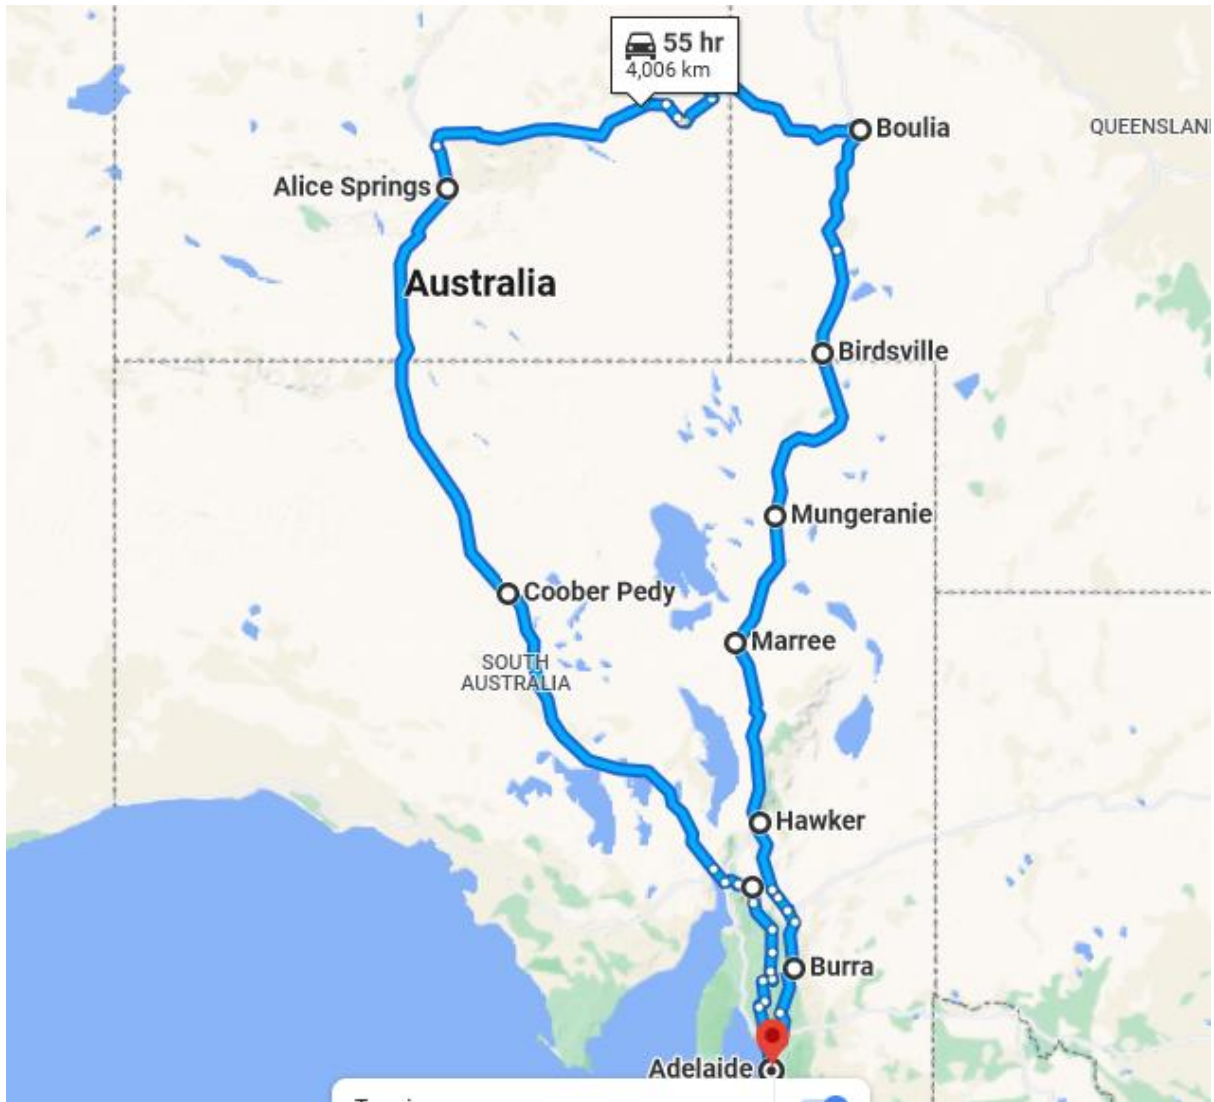

Following a successful trip to Arkaroola and Alice Springs a couple of years ago it seemed like a good idea to undertake another Jaunt into the Outback. Trevor and Rosalie Gent accompanied Andrew and Chris Dawes on part of the previous trip in their Landcruiser and are keen to try out their newly restored 1935 Tourer.

Talks of the trip ensued and further interest in undertaking the trip was received from Barney Bunker and David Garnett who will be bringing along their Austin 7s as well.

Keith and Wendy Seidel along with Steve and Beryl Thorpe have also expressed interest and will be bringing their 4WD vehicles along with 2 other people.

If the roads are open in time it is proposed to travel from Adelaide to Burra, Hawker, Maree, Mungerannie, Birdsville, Boulia, Tobermorey, Jervois, Gemtree, Alice Springs, Coober Pedy, Woomera, Clare, and back to Adelaide.

At this stage several roads are closed, and the route will likely be altered.

FOR 1932

•
More Style
More Speed
More Dignity

Austin, 7 h.p., Swallow, full 4-door, Saloon. **£165**
 Reduced from £167-10-0 to

NOW universally acknowledged world leaders in coachwork of beauty and individuality, Swallow take pride in presenting their programmes for 1932.

Especially new, there is the 4-door Hornet illustrated opposite. Its striking beauty is indicated, but when you see it at Olympia in Swallow's unique range of really artistic colours, you will realize that no illustration could do justice to such a supremely attractive car.

The 2-door Hornet is now well known. This year, it has a 4-speed gear box, and a number of other new features. In addition to the 8-cylinder Standard Swallow illustrated, there is the "Big 9" Standard Swallow. Price £202.

Once again the Austin bids fair to keep on increasing in popularity, for the price is now down-down to the astonishingly low price of £155 for a full 4-door Saloon, complete with all Swallow's exclusive advantages and features.

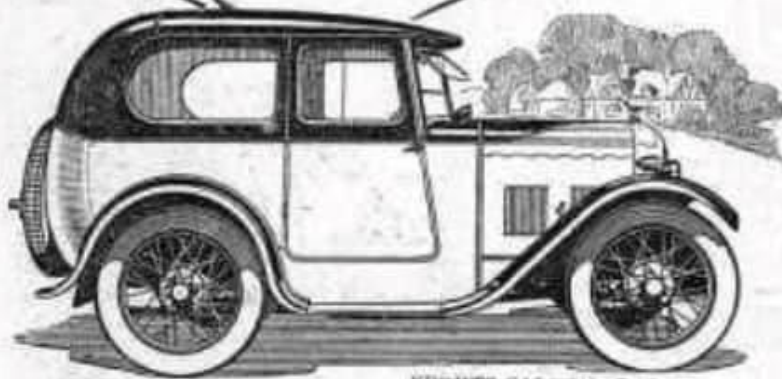

The Austin Swallow Sports 2-door is also reduced to £135, and the Austin Swallow Sports Coupe to £160.

In all, there are seven models. Every one of them is available in the most unique and exclusive range of colour schemes ever offered to the public. Each incorporates Swallow's ultra lightweight extra strong scientific coachwork.

On no account fail to inspect this outstanding range of cars of individuality on Stand No. 72, or write for full particulars.

It is with sadness we have decided it is time to downsize our Austin 7 Collection, so it is time for "Miss Piggy" to find a new home.

When we first bought the car 10 years ago we thought we had bought it fully restored. I am sure you all know that story. A big thank you goes to Walter Raschle who had to completely rebuild the engine and all mechanical parts. So I can now say with great confidence she has been beautifully restored with nothing spared. She now runs beautifully.

- Full engine rebuild • Close ratio gear box
- Upgraded brakes (they actually work)
- Front to rear axle all replaced.
