1937 Austin 10 Ruby. This is a rare Austin 10 two door coupe. It appears to be all there apart from the front bumper. The body was made in St Kilda by Daymon Bros and all its build tags are still in place. The body is remarkably still in good condition. The running gear is complete but I don't know its condition.

'OH, MR. MERCURY!'

SAID THE GIRL AT THE WHEEL

'Where do the extra miles come from?'

'It's the Benzole that does it'

SAID THE GOD OF THE ROADS

'For Benzole is not only the most powerful motor-spirit known—it is a natural anti-knock fuel. When blended with high-grade petrol—as it is in National Benzole Mixture—it controls combustion, brings smoother running, and liberates extra power. Each gallon takes you farther, yet costs you no more, because . . . **BENZOLE MAKES GOOD PETROL BETTER!**'
