## “After the Flood” run

### Mypolonga and Murray Bridge

Sunday 19<sup>th</sup> February 2023

Come with us on a drive to have a look at the flood situation as the river flows abate.

Rendezvous for morning tea at Mt Pleasant bakery. **Depart at 11:00am**

Travel to Mypolonga to visit “Aussie Apricots”, a fruit orchard with several fruit products for sale (There may be some late peaches to buy fresh if we are lucky). They also have a very interesting collection of over 30 cars (there is a \$6 pp charge to view the cars).

Lunch - BYO - on the lawns at Aussie Apricots followed by a look at the river.

Travel to Murray Bridge (15 minutes) for a short stop to top-up our drinks and nibbles supplies before going to a Lookout on the other side of the river to view the river from a good vantage point – Frank Jackman Memorial Lookout.

(For safety we will be turning left of Swanport Road onto Highway 1 for a short run over the river, then a left turn into the Lookout point, and a left turn back towards Murray Bridge. We do not need to cross the highway in front of on-coming traffic.)

*The mark above the rail is 1956 level*

Cross back over the river on the famous Murray Bridge historic bridge and return to Adelaide via the Old Princes Highway through Kanmantoo, Nairne and Mt Barker where we will split to go our separate ways.

**Book in** at Club meetings or by phone to

Chris Cutting 0412 092 760 or Martin Lewis 0414 727 893

Ask us to email you the route directions if you want one before the day. The directions will also be on the Club website.

## PRE-WAR RUN – AUSTIN 7 RUN SA MAY 6-8, 2023

Preliminary plans are underway to have a weekend Austin 7 run up to the Adelaide hills on May 6<sup>th</sup> - 8<sup>th</sup> 2023.

The Itinerary could end up something like the following.

- Meet at Hazelwood Park and travel up Greenhill Rd ready for a 9.00am departure travelling up Greenhill Road then turning right onto Mount Lofty Summit road proceeding to Mawson Drive on your left and make your way to Mount Lofty Botanical Garden where we will have a walk through part of the garden.
- On departing the garden, I suggest we follow the leader and return back to Crafers perhaps driving around the historic Mount Lofty House car park on the way. Once back at the Crafers roundabout take the first exit on the left and proceed to the SE freeway briefly before taking the Stirling exit and slowly making our way to Aldgate where we have a number of options for lunch including Fred's Eatery, Dirty Doris's or possibly the Aldgate Pump Hotel.
- After lunch we will make our way to Hahndorf and check in to our accommodation for the next two nights (The Old Mill). After this participants are encouraged to explore Hahndorf until pre dinner drinks prior to an evening meal at a venue yet to be determined.
- Sunday morning breakfast will be of your choosing with a number of establishments offering traditional German style breakfasts. Following breakfast, a 9.30am departure will see us heading for Woodside with a visit to the Chocolate factory before heading up to Lobethal for lunch (possibly at Lobethal Bierhaus). After lunch we will take a different route back to Hahndorf where we will have our evening meal.
- Monday will see us depart Hahndorf and head for home.

## **Lotus F1 mechanic and Hawke cars creator David Lazenby dies aged 86**

**David Lazenby, a genial early 1960s Team Lotus Formula 1 mechanic during the Jim Clark era and who designed and created Hawke racing cars, has died aged 86.**

**Lazenby built an Austin 7 Special in his youth, then, following RAF service, he worked at Lotus. Initially, he worked in the Elite assembly shop, before joining Colin Chapman's Team Lotus, under Jim Endruweit.**

**Preparing Clark's F1 cars, and on the Indianapolis 500 crew with which the world champion won at their third attempt in 1965, brought action and adventure before he joined Lotus Components.**

**The skilled fabricator left in 1968 to manufacture parts and Formula Ford cars. Unlike Lotus, which had monopolised**

**FF1600's first year, Lazenby's Hawkes would use VW-based Hewland gearboxes rather than fragile Renault units.**

**The long-nosed Hawke DL1 appeared in 1969, developed by sales manager Tony Roberts. Around 35 production DL2s were made over three years, from workshops in Essex and Hertfordshire.**

**Tom Walkinshaw's 1969 Scottish title in a DL2 put him on the racing ladder, while Dane Tom Belso and Canadian importer Gary Magwood were among those who impressed in them.**

**Despite strong sales, finances dwindled as rival manufacturers joined the fray but Roger 'Mac' McKinstry helped restructure the enterprise, bringing the experienced and underrated Syd Fox in to race the works DL9.**

**Future FF1600 star Rick Morris credits his career to 'Lazo'. "I knew nothing when I bought a DL2 but, after I set fastest lap at Thruxton in 1973, he gave me a DL11, a DL12 [in which Morris was runner-up in the 1975 BAF series] and a DL15 in later years," he recalled. "We never had a cross word."**

**The inboard front-suspended 1976 DL15 was hugely successful, wins by Derek Daly, Derek Warwick and Bernard Devaney contributing to 65 sales. Daly won the Festival – Brands Hatch's first – in one badged as a prototype DL17.**

**After winning slicks-and-wings FF2000 races from 1975-77 with Tiff Needell, Geoff Friswell and Philip Bullman, and**

**building an Adrian Reynard-designed F3 model, Hawke's FF1600 star waned, despite the brilliant efforts of James Weaver.**

**Hawke's owner since 1978, British Air Ferries boss Mike Keegan (Rupert's father), had grandiose F1 plans but closed the Southend factory in 1979.**

**Lazenby's Pace Products subsequently specialised in oil pumps and after-market turbo conversions for road cars in Suffolk. He was also an early director of successful racing team Pace Historics.**
